# **AOSD Research: In the Mainstream, A Vibrant Subfield, or a Passing Fad?**

**April 1, 2008  
Brussels, Belgium  
Gary T. Leavens**

**SCHOOL OF ELECTRICAL ENGINEERING & COMPUTER SCIENCE**

# AOSD Conference Papers

# Some Points

## Not a passing fad:

- Belgium is expensive for Americans!
- AOSD papers in ECOOP, OOPSLA, FSE, ...
- Continuing work on semantics, languages
- Real needs being served in industry

## Not exactly mainstream:

- Not covered in major PL textbooks
- Only two POPL papers

## Vibrant subfield?

- FOAL papers and attendance steady
