

Bimini Bay Resort & Spa

We are in search of 3 IT Programmers - 1 IT hardware and 2 IT software.

This is a very prestigious position that is limitless in opportunities.

Experienced IT Technical Programmer and 2 IT Software Programmers needed who can successfully create, implement and evaluate programs including but not limited to VB6, C#, .NET, VB.NET, ASP.NET, SQL Server. This is a Resort style development leading the technical age so experience with fiber-optics and design would be very beneficial. Incumbent must be dedicated to a high level of work ethic, maintain integrity and a positive attitude to be successful with our company. Many times this incumbent will find themselves multitasking in a high level stress situation so the success will be based on the ability to handle situations and also have the knowledge of all the above systems. The lucky candidate of this position will find a great deal of satisfaction with our company team and great benefits.
